Just Colour Vinyl from chieftainfabrics

Composition:

Surface: Phthalate free PVC Backing: Cotton/PES

Total weight:

705g/m²

Thickness:

1.10mm

Martindale abrasion:

500,000+ Martindale rubs

Bursting strength:

1,200+kPa

Flame retardancy:

BS5852 Ignition Source 7 - Crib 7 as standard, S.I. 1988 No.1324 Schedule 4 and 5, BS EN1021-1 and 2, CS-25, FMVSS 302, IMO A 652 (16), NF P 92 503 M2 B2 test

Antimicrobial:

Sanitized ISO 22196
Independent testing has verified that Just Colour is effective at reducing the spread of MRSA, E.Coli and other similar bacteria.

Cleaning instructions:

Wipe clean regularly with a microfiber cloth and warm soapy water to remove dust particles and light soiling. If spillages occur, remove promptly with an absorbent dry cloth. Where disinfection is necessary, bleach based disinfectants such as Chlor-Clean, Haz-Tab, Milton and Tristel are safe to use with a damp cloth, following the manufacturers' instructions. When using bleach, a 5% solution (50,000 ppm) is acceptable.

Follow the above with a clean water rinse and dry with a soft cloth or towel. For heavy or ingrained soiling follow the cleaning steps as detailed above, then scrub the affected area using a soft brush and warm soapy water, followed by a clean water rinse and dry.

Please note:

- The use of solvents, abrasives, synthetic detergents, wax polishes, leather cleaner or aerosol spray is not recommended. Do not machine wash or dry clean vinyl fabric.
- Do not use felt tip or ball point pen to mark as this will cause permanent staining.
- Remove indigo dye from denim and canvas garments immediately as they will produce permanent staining if not dealt with promptly.

Using cleaning products contrary to these instructions may compromise the integrity of the fabric. Unsuitable cleaning products will remove the lacquer layer which protects the vinyl fabric and result in hardening and/or cracking of the fabric.

Colour Matching:

Slight variations in shade may occur within normal commercial tolerance. Sample cuttings from the current stock shades can be obtained on request.
