

# MODULAR SEATING SOLUTIONS

This universal range of modular seating provides the means to create corner seating as well as matching 2- and 3-seater units with or without armrests. The new concave and convex units form a variety of shapes with 3 concave units forming a 90-degree corner section. Matching upholstered tables with beech tops further compliment this range of seating.

4 Standard Seats, 2 Armrests and Table

2 Standard Seats  
Model 1207 (x2)

3 Standard Seats, 2 Armrests and Table
